The FG-95HAKW is a reciprocating compressor made by Embraco, a Brazilian company that specializes in refrigeration compressors. It is a low back pressure (LBP) compressor that is designed for use in refrigerators and freezers. It uses R134a refrigerant and has a displacement of 10.61 cubic centimeters. It has a cooling capacity of 318 watts at -23.3 degrees Celsius.

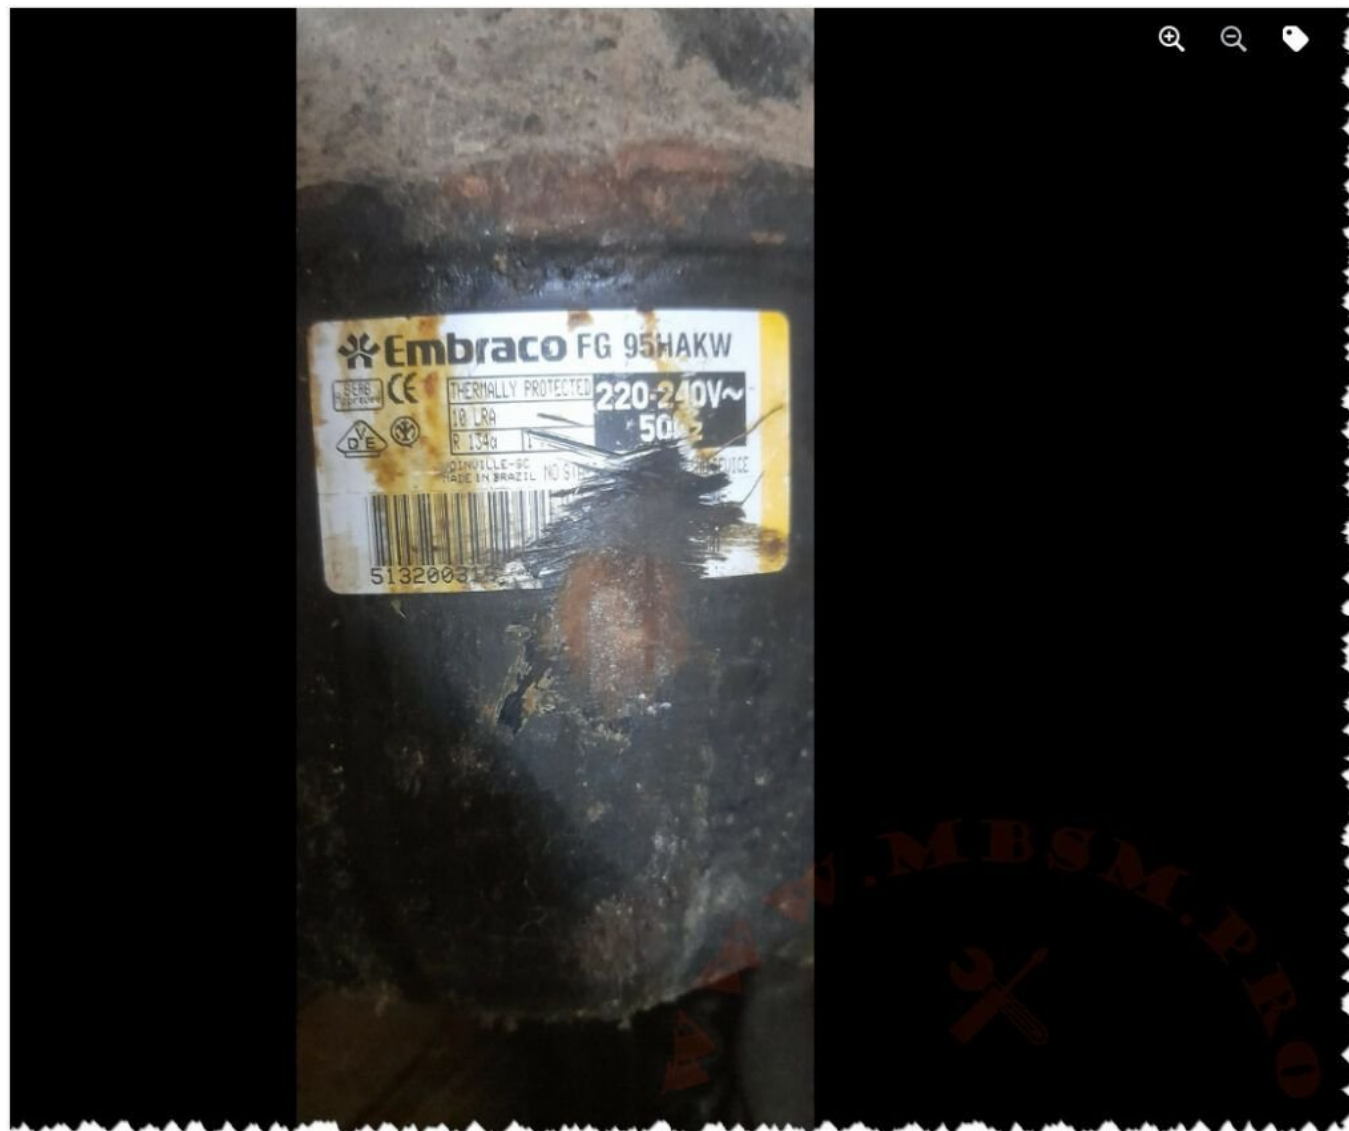

FG95HAKW compressor

Here are some of the specifications of the FG-95HAKW compressor:

- **Type:** Reciprocating
- **Refrigerant:** R134a
- **Displacement:** 10.61 cc
- **Cooling capacity:** 300 watts at -23.3 degrees Celsius
- **Voltage:** 220-240 V 50 Hz
- **Motor:** RSIR
- **Horsepower:** 1/3hp

The FG-95HAKW compressor is a popular choice for use in refrigerators and freezers because it is reliable, efficient, and relatively quiet. It is also relatively easy to find and replace.

If you are looking for a replacement compressor for your refrigerator or freezer, the FG-95HAKW is a good option to consider. However, it is always best to consult with a qualified appliance repair technician to make sure that the FG-95HAKW is the right compressor for your specific needs.
