What is the difference between AB114JT and AB114JT-004

According to the search results, both AB114JT and AB114JT-004 are Tecumseh 2 HP, 208-230V, 1 PH, 24200 BTU, R22, Hermetic (Reciprocating) Compressor

Replacements. The only difference between the two is the part number.

AB114JT-004 is listed as an OEM upgraded Tecumseh compressor on the AC Parts Distributors website[1]. It is possible that the difference in part number is due to a minor revision or update to the compressor model. However, without further information, it is difficult to determine the exact difference between the two part numbers.
