Finder 66.82.8.230.0000 Power Relay: Reliable 30A Solution for HVAC and Industrial Control

Category: Equipment
written by www.mbsm.pro | 25 December 2025

The Finder 66.82.8.230.0000 is a high-power, flange-mount relay designed for demanding switching tasks in HVAC, refrigeration and industrial control panels. With a 230 V AC coil and 30 A contact rating, it offers a compact but robust alternative to contactors in many applications, saving space while maintaining safety.
